ABOUT THE COMPANY

Established in 1987 with a Strong Reputation for International Experience in Strategic Legal Corporate and Commercial Advisory Services.

Over the last 30 years, CIG has successfully navigated multiple global and regional economic cycles. Our ability to maintain operational excellence through decades of market shifts is a testament to our conservative financial management and our unwavering commitment to client success.

Dedicated To Delivering Reliable Solutions With Integrity and Professionalism

We believe that technical expertise is only as valuable as the integrity behind it. Since our founding, we have committed ourselves to a standard of service that prioritizes the client's long-term interests over short-term gains.

"Professionalism is not a goal – it is our baseline."

RELIABLE SOLUTIONS

We deliver reliable solutions by grounding our consultancy in technical precision, contractual clarity, and proactive risk management. Our commitment is to provide stable, actionable guidance that navigates project complexities—ensuring that our clients receive consistent, high-quality results that they can depend on, even in the most demanding operational environments

- ✓ **Conservative Financial Management:** Ensuring stability for our clients across economic shifts.
- ✓ **Client-Centric Standard:** Dedicated to solutions that deliver real-world impact.
- ✓ **Ethical Baseline:** Operating with transparency and unwavering standards.

OUR CORE SERVICES

Contract Review

We draft, review and negotiate complex commercial agreements, with specialized expertise in international standards. Our focus is to mitigate risks early and safeguard the stability of your projects

Claims Management & Dispute Resolution

We provide expert counsel in navigating the complexities of construction claims and commercial disputes. Our approach combines rigorous contractual interpretation with strategic advocacy to protect our clients' interests. From meticulous claim preparation and defense to formal dispute resolution, we offer clear, evidence-based solutions that minimize litigation, preserve professional relationships, and secure equitable outcomes.

Project Remediation & Delay Analysis

We provide expert forensic support to get distressed projects back on track. Through rigorous **Project Remediation & Delay Analysis**, we identify the root causes of schedule slippage, quantify the impact of delay events, and develop actionable recovery strategies. By combining technical insight with precise contractual analysis, we help our clients resolve disputes, mitigate financial exposure, and restore project momentum.

Risk Management & Prevention

Proactive prevention, reliable results. We manage risk through systematic oversight and strategic planning to ensure project success and absolute peace of mind for our partners.

WHY CHOOSE US

We understand that in the business world, law and finance are inseparable. As your strategic partner, we do not simply provide legal opinions: we act as commercial advisors who help you protect your company's bottom line through disciplined contract management and intelligent cost control.

THE FOUNDATION OF OUR EXCELLENCE

CASE SUCCESS

Landmark Decisions

Steering Committee Case: We led a formal steering committee where our interpretation was adopted as the official project framework.

- ✓ Immediate resumption of works.
- ✓ Settlement of outstanding prices.
- ✓ Established procedural precedents for future phases.

Our work sets the standard for how complex industrial disputes are resolved across the region.

CASE SUCCESS

Complex Litigation

Served as the **Technical-Legal Bridge**, coordinating between counsel and engineering teams.

Impact: Identified critical "procedural gaps" in opposing claims previously overlooked. Translated complex data into a compelling legal narrative.

Negotiation Wins

Stepped in as **Lead Negotiator**, conducting a "Neutral Audit" of disputed items.

Impact: Moved conversations away from emotional positions toward a Merit-Based Framework, establishing a factual baseline for settlement.

GLOBAL REACH

In an increasingly interconnected world, construction and engineering disputes often involve cross-border stakeholders and international funding.

Global Capabilities

- + International Framework Mastery
- + Cross-Border Dispute Resolution
- + Offshore Partnership Model
- + Multi-Currency Expertise

"Distance is never a barrier to precision. Whether supporting a board in Europe or managing a site in Southeast Asia, our focus remains world-class service."

CLIENT SUPPORT
